Bath

Bath is a city full of history and beautiful old buildings. It is one of the most enjoyable and interesting places in the UK to learn English.

Bath is a UNESCO World Heritage city. It features impressive Georgian architecture, has a history of great writers and also a lively arts scene.

Here, you can explore the iconic Roman Baths, walk in the footsteps of Jane Austen, experience world-class theatre and enjoy the city's renowned cafés, restaurants and boutique shops.

Bath is a friendly and pretty city, with quiet streets and a peaceful feel. It's a great place to study, where you can learn in a relaxed but focused way. With easy access to London and the South West of England, it's a city that offers the best of both worlds: plenty of history with modern style.

Confident English

Lessons

Our lessons help you learn important English skills. For example, we focus on grammar and teach useful vocabulary on topics such as identity, technology and society. Speaking practice includes talking about your life and giving short presentations. Listening activities involve real-life stories and interesting ideas. You'll also work on writing by learning how to create informal and persuasive emails. In reading lessons, you'll explore culture and how people connect online. All of this is designed to help you become more fluent and understand English better.

Beyond the classroom

Afternoon sessions may include guided walks around Bath, visits to historic sites, famous landmarks, museums and galleries or even a Murder Mystery activity in the city. You'll walk past places linked to Jane Austen and TV shows like *Bridgerton* and *McDonald & Dodds*. All activities are led by your teacher, who will help you use English in real-life situations, answer your questions and build your vocabulary. You'll learn useful phrases for everyday communication, and the teacher will review what you've learnt at the end of each day.

"This school felt like a second home! Everyone here is super nice and always ready to help, my understanding of English grew and every day in class was fun because of my teachers. They were also very flexible in arranging a last minute homestay for me, which was a huge help. I met a wonderful host family and had a comfortable and great experience! When I started looking for a job, they were incredibly supportive, helped me feel confident to take on new challenges! I had an amazing time at this school, and I'm so happy I chose it. "I chose this school 'by nose' and the choice has never been more appropriate! I have also been a teacher all my life (of Italian for foreigners) so I can say with full knowledge of the facts that the teachers are truly super professional. I booked an individual course for two weeks which I then decided to extend precisely because the lessons were prepared with care, enthusiasm and great professionalism. The school staff was always available and ready to solve my needs. Central and convenient location of the school. Top!"
